

EXP 42

Italian yard Cantiere delle Marche has revealed a new line of Francesco Paszkowski-penned explorer yachts, fronted by the 42.58-metre EXP 42. With a robust steel displacement hull and light aluminium superstructure, the yacht is described as "imposing, bold and distinctive" by the yard. The "highly customisable" interior can be tweaked to suit each owner, with a number of layouts available. Exterior deck spaces are plentiful, with pools on the sundeck and main deck aft while the cockpit is surrounded by fold-down balconies. cantieredellemarche.it
