Cantiere delle Marche and Cantiere delle Marche Australia are glad to communicate their participation to the **Sanctuary Cove International Boat Show that will be held from the 19th to the 22nd of May** in the large marina of Sanctuary Cove, an exclusive gated community located in the wonderful Gold Coast region of Queensland, Australia.

Domenico Giuffrè and Paul Miletta of Cantiere delle Marche Australia will provide visitors with all sort of information on the yard and the explorer yachts built to the highest standards by the Italian manufacturer.

“Since we opened at the end of 2020 we saw a growing interest in the explorer yachts built by Cantiere delle Marche. As of today four explorer yachts built by Cantiere delle Marche have been sold to Aussie Owners (Nauta Air 86 YOLO now Yes; Darwin 96 Stella di Mare now Serenity; Darwin 102 Babbo now True Blue and an RJ

115 currently in build) and there are several ongoing negotiations that we are confident will shortly arrive to a successful conclusion,” says **Domenico Giuffrè**.

“CdM explorer yachts are the ideal vessels to reach the South Seas, to sail to Indonesia, the Fiji, Thailand, Bali just to name some of the most beautiful destinations in that part of the world, or to head through the expanses of the ocean to reach the most distant archipelagos of both Pacific and Indian oceans,” says **Vasco Buonpensiere, co-founder and Sales & Marketing Director of CdM**. *“Australia itself offers some of the most beautiful and unspoiled coast in the whole world. Yet, it lacks equipped marinas or ports so a long-range yacht with lot of storage spaces is what you actually need to sail along the Australian coastline or venture into the expanses of the oceans. This is why CdM’s explorer yachts perfectly fit for purpose!”*
